IS
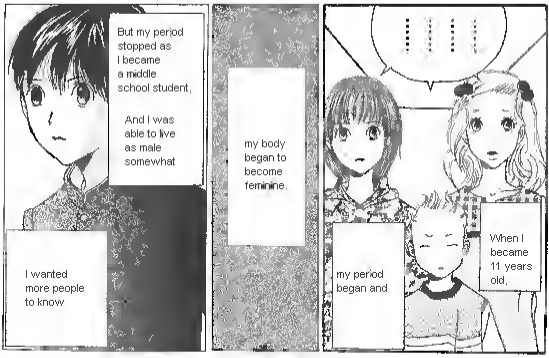
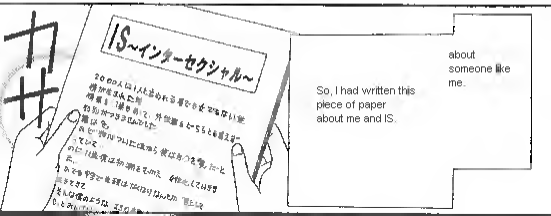
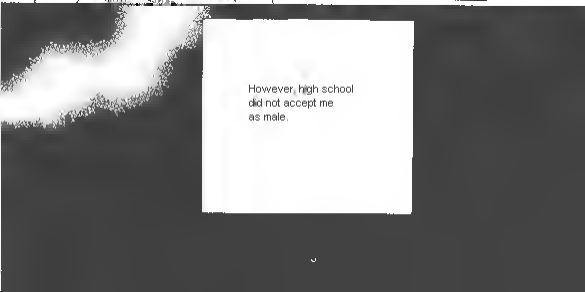
Inter Sexual
They are born once every two thousand
They are of neither male or female
On paper I am a female
But as I grew up I recogn zed myself as male
When I was just born
I had both test cles and ovar es
I also had a pen s and a vag na mak ng it mposs ble to determ ne my gender



When I became 11 years old,
my period began and
my body began to become feminine.
But my period stopped as I became a middle school student,
And I was able to live as male somewhat
I wanted more people to know



IS~インターセクシャル~
about someone like me.
So, I had written this piece of paper about me and IS.



However, high school did not accept me as male.

When you feel it s becom ng too hard just come back
I am leav ng
So start ng today
I became a female h gh school student
And th s
Cons der it as a lucky charm
I felt lke everyth ng was go ng to be f ne
Because of my blessed fam ly

I hoped that everyone d go alr ght
I had to bel eve so Otherw se my l fe was s mply too hard
Leon
I wanted my teachers and fr ends to understand me eventually
That was my goal
and wanted to l ve as IS male
Yes

Are you a fresh man ?

We are going to be together for 3 years

入学
What a coincidence
There is only one classroom for cooks
Oh that means

I will give this back to you in the class okay ?
I have to tell them

About me

I th nk I d get along great wth her
Before it becomes too hard.
I have to tell them now
U, um..
Lucky for me..
In another word

We cannot allow you to enter our school as male
But
you mean
You ve spent your l fe as a male student so far because you are IS
So I understand you that you want to keep your gender so n th s h gh school as well
The school Haru went and th s school are
very very d fferent n scale
And f
It w ll be very hard to ask everyone for understand ng
We have 950 students

Sir
E excuse me ?
If something happens ...
I adm re your des re to go through the cookery class and earn the cert f cate
I really do
I am sorry to say th s to you But your request s not go ng to be fulf lled
But
Haru kun
So I am sure that you w ll be able to accompl sh what you want n 3 years
Your grade so far seems to be good enough

What don't you become a female student for just 3 years ?
I believe so
So
What do you say?
Sense
For 3 years?
You endure that and you will have what you want
But if you were in my shoes do you think you will be able to do that?
It may be easy for you to say that

my body kept on chang ng
always bel eved that I was a male
Ever s nce I was a k d
But
I ve
I feel so nsecure everyt me I wake up n morn ng
What f my body changes more
If it changes too much I can't even go out anymore
Every s ngle day it s been pressur ng me
And now
You want me to act like a female ?!
Haru

In
part es
It doesn't matter
who cooks as long as
the chef s good r ght ?
Dad
I I am
sorry
No
It doesn't
If you say that
I cannot enter
the school as a male
even f the sky s
broken apart
f so
My dream s to
become l ke you
So

I...

I will try to endure for 3 years

My reflection on a mirror
...
Everyone who was on their way to school
was so clearly either males or females
In case they say someth ng
I prepared even these
I d dn't even need though
Haru
Perhaps it s too hard
was really a female
Sad to admit but
I guess I should change my tone to lke a grls as well huh?
to clam myself as a male

Good morn ng
I had already lost courage to tell them who I really was
I decided that I'd act like a girl.
So there s no one you know n th s school?
Th s was the closest school I could f nd that had cookery course
Wow..a whole hour by tra n?
Yeah

No, but even so
My dream s to run a bakery lke my father

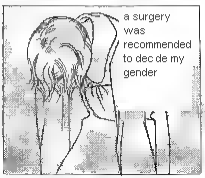
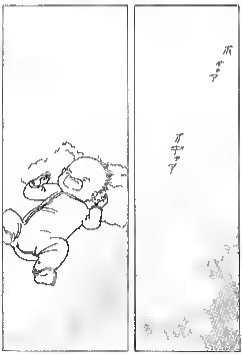
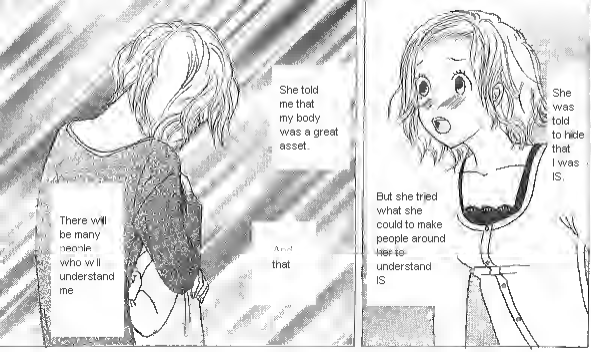
I applied for this school because I like the uniform.
So, I was sad when a button fell off.
I was very grateful that you let me use your sewing kit.
Can Mak be of any help ?
What is
mak ng you sad ?

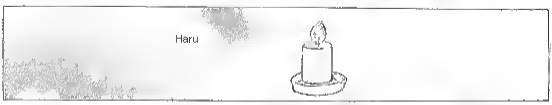


I can't even imag ne how shocked mom was when she f rst saw me





She told me that my body was a great asset.
There will be many people who will understand me
And that
She was told to hide that I was IS.
But she tried what she could to make people around her to understand IS



Haru

Always remember when it becomes hard
Haru

We love you !

CASE 3：春⑦

It was my path to live as an IS male.
I've always believed that
Yes..., it had been so
Until the day I met him
Awesome
Ah sorry
It was a rare ball So
This is a limited edition ball

Do you like soccer?
Yes.
That's new.
I've never seen a girl who liked soccer.
It's been a month

And there were only three people who knew that I was aiesu.

I wish I could make friends like that guy
I heard you collapsed at school again?
Yeah
It's been some time since I had my last period

I've found a new doctor
You see
Haru
and I had a lot of blood So
As you know
But there seems to be a way
IS shouldn't be treated with opposite gender hormones
What?
Th s doctor actually volunteered to look after Haru
Uh yes
Have you heard of gender dentity d sorder ?

It s poss ble to treat them with d fferent hormones
Depend ng on how they are treated
It s about people who seem to have d fferent m nd from the r gender
Correct
In another word
and also how they are treated psych cally
We ve found a doctor who cla ms you can be treated w th male hormones
"I'd like to begin treating her with female hormones."

who were only willing to treat me with female hormones because I was regarded as female legally
there were doctors
At that time
IS
generates overall much less hormones compared to normal people
So during and after puberty there was significant stamina loss
Please
Haru regards her as a boy
But I could not do it
it was required that IS would be treated with hormones

I d stop my per od and
my vo ce d change as well as my body
If injected with male hormones
Breasts would grow and body l ne should become fem n ne
In another l d be a g rl
If injected by female hormones
Will I be able to play soccer aga n ?
?
You had that yesterday also
What s that ?
Hehehe
It s soccer cards
I ve been collect ng them ever s nce I was a k d

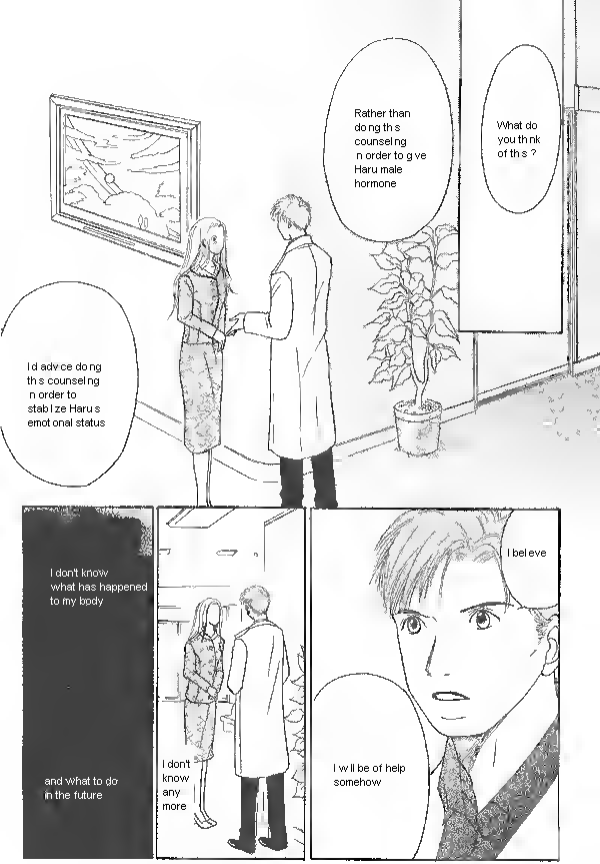
Am I really "a boy" ?!
Haru ?

d s turbance?
I ve heard of cases
Among ntersexuals
where they were confused by the r true dentity
Sort of d sturbance so to speak
Perhaps
it s related to the r hormone system
And then some mes they d feel that they are female
Some mes they d feel that they are male
Nonetheless... f Haru s case
I don't know I haven't had such a case
s really one of those
.....



What do you think of this ?
Rather than doing this counseling in order to give Haru male hormone
I'd advice doing this counseling in order to stabilize Haru's emotional status
I don't know what has happened to my body
and what to do in the future
I don't know any more
I believe
I will be of help somehow

And for some reason you are completely naked
You alone somehow ended up on the sland

You are naked.
However

The island is tropical.
And flowers you've never seen were everywhere
So, clothes weren't necessary to keep yourself warm.
Consumable fruits were everywhere as well

So
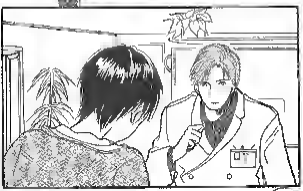
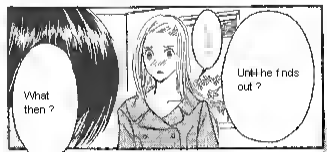
For now

For now ?





What then ?
Until he finds out ?

How long?
For

Haru,
What will you do after then ?
.....
You are blessed in a way
I believe
Many many intersexuals
have no choice in choosing their gender
People around them decide for them and give them treatments

Treatments
could be huge burden to those who had received
But My thoughts are a little different
and they receive proper treatments while they are still infants
Although if their gender is decided at their birth
and it would be easier to live on

And at one point they realize their bodies are different
Surgery scars that they have no clue of
And no one is willing to tell them truth
If they begin to have their second gender change at a later point
And
They begin to think harder by themselves alone
